W18

Agenda

1. Roll call
2. General reminders
3. Long map
4. Taping and areas
5. Weather tomorrow
6. Questions from email
7. Other questions?

General reminders

- Long Quarantine – by entering the bus. Number Bib, Accreditation, SI Air + will be checked.
- Quarantine similar to sprint – shelter, toilets and in addition, a buffet with hot drinks and snacks for a fee will be present in the quarantine.
- Coaches may accompany athletes up to the pre-start' then go to the finish via a marked route (on the signs Final means Finish).

Check station activates the SI AIR + mode.

And the finish line deactivates them.

No punch start at long distance.

All competitors even those who didn't finish the course have to pass the finish line.

General reminders

- Buses depart from hotels at the same time at 7:15h
- Private transport for EYOC-TOUR will not be allowed to enter before 10:00am - please tell your friends
- Lunch arrives to the finish arena at 1 pm

- Flower ceremony at 14:30.
- The flower ceremony may be postponed some 15 minutes if necessary.
- Buses will not depart until after the flower ceremony.
- Shelter, food, shopping possible at the finish arena.

General reminders

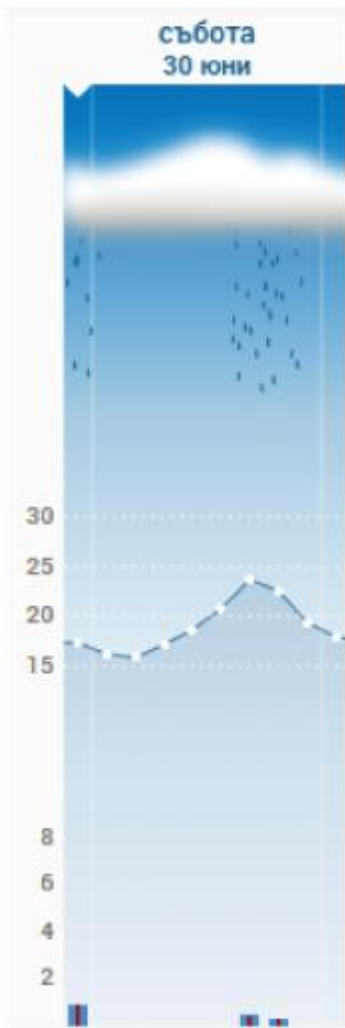

- Please bring your gps vests for tomorrow.
- Same runners will use the GPS
- GPS units will be given at the pre-start

- Bring your pins in order to use less and protect the environment

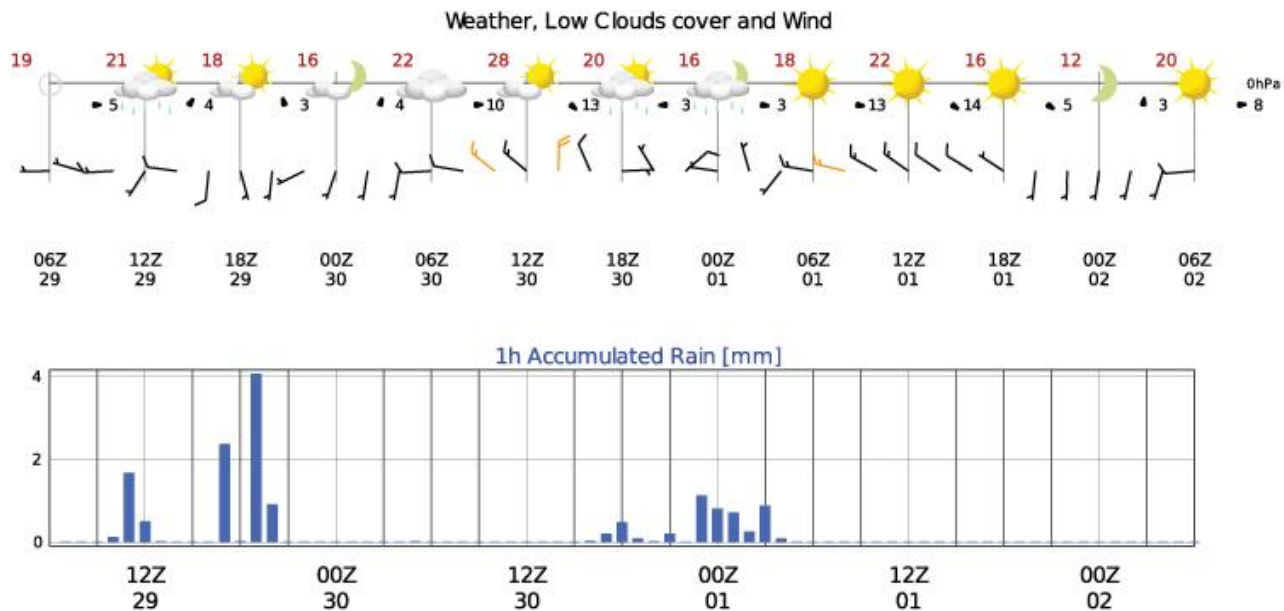

- Red and white tape shows direction, blue shows dangerous areas (not necessary for the Long distance).
- 3 refreshment points on course, not at controls but on common routes. Only water.

- Map change for M18 is given clearly in the bulletin. An official will be present at that point.
- In Bulletin 4 – start line to the map start(triangle) is given 50m.
This should be corrected – 10m.
- Maximum running time change from 120min to 150min

Weather tomorrow

**SURFACE FORECAST METEOGRAM:
VELIKO TARNOVO**
validity: 29.06.2018 06:00 - 02.07.2018 06:00
 BASED: NWP BULATSA WRF
 ISSUED BY BULATSA

Questions from email

Tents - is it possible to build personal tent in arena? If yes then where? – **Yes, you can, organizers will show at the arena.**

How far round the courses are the 3 drinks points? Will they be at controls or on optimum routes? Will there be just water or energy drinks as well? – **Check in the bulletin, Water only**

IOF ISOM symbol 531 (black cross) - are they on the map, as with the model, and, if so, what features are they? – **yes, there are some black crosses – self-built barbeques and shacks**

IOF ISOM symbol 115 (prominent landform feature) - 'the feature must be very clearly distinguishable from its surroundings'. On the model area, these were very small animal holes and not distinct. Will they be on the race map and similar in the terrain as on the model area? – **all competition maps have been approved by IOF map commission**

- IOF ISOM symbol 416 (distinct veg boundary) - will the green boundary be used, as on the model map? – **yes green boundaries are use instead of 416**
- How far is it to quarantine to the pre-start, as this was not in line with the bulletin today (ie. extra 300m in the sprint)? – **in Bulletin 4, page 20**
- There was insufficient cover for athletes and coaches today in quarantine - will there be enough tomorrow, as it is due to be wet? – **there will be 1 tent for 2 teams, buses**

- - how many toilets available in the quarantine? – **8 toilets in quarantine**
- - warm up map? – **no**
- - the deadline for giving the relays orders is too early (15h00). Some runners will arrive 15 minutes before, so it's impossible to decide the relay's orders in 15 min. – **Postponed deadline to 5 pm**

- Runners that are late after the flower ceremony will not be left in the forest/at the finish arena – we will organize transportation for them.

Questions from email

Send your questions at most 30 minutes before the TOMs to info@eyoc2018.eu
